The Most Miserable People in the World

ARE those who are bothered with their feet. When you know them you find their troubles are not difficult to understand. They

Have no

system in the buying of their **BOOTS** or **SHOES**. They just drop in anywhere. In the other concerns of life, the same disappointments would happen to them were they to select their Doctor, Lawyer, or Bank Agent on the same principle.

If they would only inquire where those who never have troubles of this kind are best suited, they would eliminate lots of worry. Ours is a Boot Store where you can be perfectly fitted. The Public's recognition of our Specialising in multiple widths and fittings makes it easy for us to carry this stock, which ensures a perfect fit in any kind of

Footwear

you may select. Whether it be for the infant, the boy at school, the sportsman, or for old age, a splendid variety will always be found.

DUNDEE DIRECTORY.

GENERAL NOTICE.

It is seldom that the local historian has so many good things to chronicle in one year as fall to be recorded for the past twelve months. The textile trade has been booming, and the masters have raised the wages of the operatives on three occasions—in July, October, and March. That this has been done without the intervention of a strike is creditable to both parties. A Conciliation Board has been formed to prevent wasteful dislocation of trade and embittered relations between Capital and Labour. Employers and employees alike should welcome an impartial tribunal, and should manifest a give-and-take spirit for the sake of the community. All available textile machinery is running, and there is in some quarters a scarcity of hands. Quite a large exodus of workers from the city to the Colonies and the United States has taken place during the year. A disquieting feature in the textile outlook, however, is the large addition to machinery which is going on in Calcutta, while we in Dundee are doing little more than holding our own. Messrs Harry Walker & Sons, Limited, Caldrum Works, and the Buist Spinning Company, Limited, have been putting up additions, but elsewhere there is stagnation in the building of mills and factories.

The National Health Insurance Act, which came into operation last July, is revolutionary in its scope. It changed the relations of employer to employed, doctor to patient, and friendly societies to the Government. To many deserving people it will undoubtedly be a great boon. It was inevitable that a good deal of friction should arise in starting such a complicated piece of legislation, but as time goes on people will understand it better, and Parliament will modify and simplify the more intricate parts.

The new House Letting Act has been in operation for a year with fair results. Shorter lets and quarterly payments of rent are in the right direction. Landlords and factors are now responsible for the city rates, and to recompense them for the extra work $2\frac{1}{2}$ per cent. of a rebate was fixed as a reasonable remuneration.

The visit of the British Association for the Advancement of Science in September last year caused quite a burst of activity in every corner of the city. The central thoroughfares were decorated with growing flowers, twenty-four places of historic interest had bronze tablets affixed, a sumptuous handbook giving valuable information about the city was published, the hospitality offered was on a lavish scale, and the gift of £10,000 by Sir James Key Caird, Baronet, for research, filled the heart of the scientific world with gladness. Great advances have been made in all departments of science since the previous meeting in Dundee in 1867. It is generally agreed that the 1912 meeting was one of the most successful in the annals of the British Association.

The gift of a new pleasure park, including the Den of Mains and the old castle, was hailed with delight by the citizens at the New

Year, and the King honoured the donor by conferring on him a Baronetcy. From time immemorial the Den of Mains has been a popular resort, and there was great jubilation when it was announced that £15,000 had been handed over for its purchase. A fortnight later a second great gift by the same gentleman was announced, an additional 112 acres adjoining being acquired at a cost of £10,000. This will make a magnificent pleasure ground of 270 $\frac{3}{4}$ acres in extent. The second gift was to commemorate the coming into operation of the National Health Insurance Act on 15th January 1913. The park is bounded on the east by the Forfar Road, on the north by the Dighty and the Mains Church glebe, on the west by Old Glamis Road, and on the south by Balgray Road, and its area exceeds by 29 acres the combined areas of all the other ten parks in the city. Sir James Key Caird, Baronet, has bestowed princely gifts on the community in the past, but these later gifts eclipse them all.

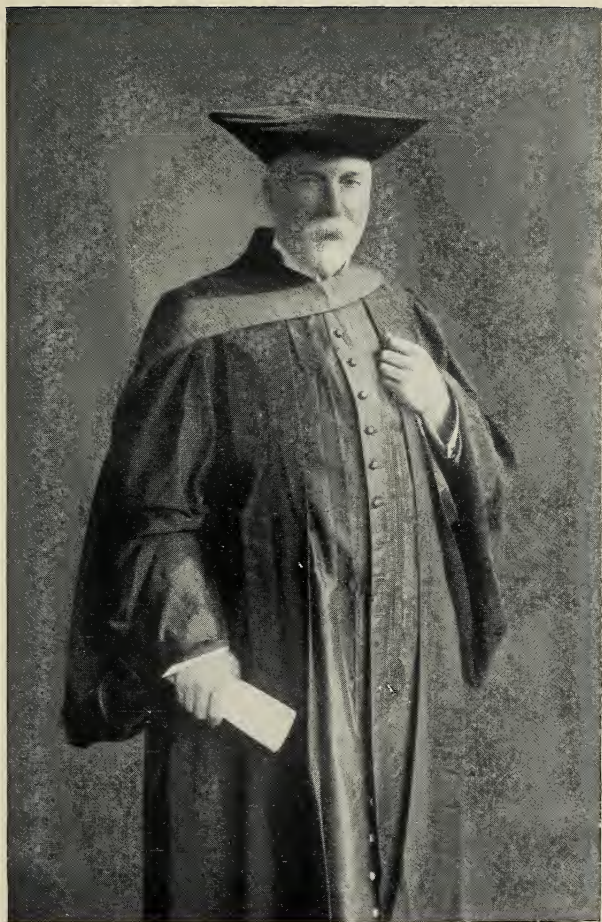

Another generous friend to Dundee is Sir William Ogilvy Dalgleish, Baronet, who recently added to his many benefactions by gifting £3500 to add another wing to the Nurses' Home at the Dundee Royal Infirmary; and through his munificence the Albert Hall has been renovated and decorated with stained-glass windows bearing heraldic designs illustrating eight centuries of Dundee history. The spacious reference library is second to none in the kingdom, and is worthy of the city. A new reading room has been added to the Lochee Branch Library, doubling the area of the original Cox Library. The Free Libraries Committee have now five well-equipped branch libraries, and the new reading room in Ward Road sets free the old Reference Library and the Victoria Art Galleries for lectures, exhibitions, and public functions.

A trackless trolley system of conveyance—the first in Scotland—was started in September last. The run is along the Clepington Road from Forfar Road to Strathmartine Road, and it is proposed to extend the system to Lochee. Before an extension of the system is made, however, a longer trial would be advisable, as the inhabitants on the present route are complaining of the dust which the car raises.

At King's Cross Hospital a new pavilion for the treatment of measles is nearing completion. In past times when this malady was epidemic many poor children had scant treatment. Not only will the hospital provide proper remedies, but the public generally will benefit, as there will be fewer carriers of infection wandering about the streets or in school among other scholars. This extension necessitates the erection of a new administration block for nurses, &c. Tenders have been accepted, and building operations will soon be commenced.

In connection with the scheme for the treatment of tuberculosis under the National Health Insurance Act, a medical dispensary has been opened at No. 1 Tally Street, and extensive additions to the present sanatoria at King's Cross Hospital are under consideration.

Bit by bit old Dundee is disappearing. Since the present crusade began five years ago, some 230 properties have been dealt with, comprising over 1100 houses. Of that number over 800 have been improved, and over 300 closed altogether. The new Provisional

Order embraces a considerable number of these insanitary buildings, and as soon as the Town Council are free to act, they will quickly clear out the "rookeries" in the Overgate and central district.

During the year the Town Council have passed plans for new buildings valued at £123,000. In dwelling-house property cottages and villas have been the principal source of employment for builders, only two tenements having been erected. Alterations and additions have been in progress at East Port Calender for Messrs Low & Bonar, Limited. The old warehouse in King Street has been transformed into an imposing block of offices, and the amenity of the street has been improved. This part of the scheme was scarcely finished and the Cowgate alterations were only half done, when a disastrous fire completely gutted the interior of the extensive works. The rebuilding of the Calender and its extension westward beyond Quarry Pend will clear away a whole range of insanitary dwellings and will greatly modernise the district. On the site of Meadowside Calender, which was burned to the ground, an up-to-date cinema theatre is to be erected. The principal entrance will be from the Murraygate, and this will involve the removal of some of the old houses on the west side of the street. The foundations have been laid of what promises to be a handsome block of buildings in Dock Street, at the foot of Gellatly Street, for the Board of Trade Labour Exchange.

In September last the foundation-stone of a new Training College was laid in Park Place, and the building operations will keep a number of tradesmen busy for some time. As a hostel for women students at Dundee Training College, Mayfield House has been secured. It is surrounded by twelve acres of ground between the Arbroath Road and Ferry Road, and is an ideal home for the students.

The Dundee School Board have now agreed to rebuild Glebelands School on the same site. At the Harris Academy the proposed extensions have not been approved by the Education Department on the plea of want of sufficient playground. Plans for the enlargement of the Morgan Academy to accommodate 1208 scholars have been approved by the Department. A site of about three acres in Balgray Road, Downfield, has been acquired for the Cripple and Invalid Children's School. A building to accommodate 200 at a cost of £4000 is contemplated.

The Water Commissioners have made sure that there will be no want of water for years to come, even though the water district be greatly enlarged. The raising of the level of the Lintrathen Reservoir has been completed. Over 800 acres of land have been purchased to preserve the purity of the gathering ground, and about 60 acres have been planted with trees.

The Fire Brigade has been kept busy during the year. In addition to the destruction of the two Calenders already mentioned, a fire took place in a warehouse in Smellie's Lane on Christmas Eve, and in connexion with this fire a fatal accident of a peculiarly sad nature occurred. The jute bales, swollen with the water, forced out a gable, which fell on an adjoining dwelling-house and demolished it. Unfortunately four young children of one family, who were

asleep at the time, were suffocated. The destruction of the finely situated mansion-house of Farington Hall while under repair was a most regrettable event. The Douglas Foundry, recently acquired by a local company for the distillation of acetate acid, wood naphtha, &c., has been burned to the ground. It would have been a pleasure to chronicle the inception of a new industry—we want more evidences of like enterprise.

The fight for the extension of the Burgh Boundaries has been long drawn out, and Monifieth has successfully vindicated its separate existence; but the House of Commons Committee unanimously decided to bring Broughty Ferry within the city boundaries. Should the House of Lords approve, Dundee will have added 1462 acres and 11,058 inhabitants to its previous total. Greater Dundee will thus have 6743 acres, and 176,064 of a population, while the valuation will be increased from £987,000 to £1,063,000.

Amongst notable men who have passed away may be mentioned Alexander Adamson, teacher of music; the Very Rev. Angus Macfarlane, Bishop of Dunkeld; Harry Tulloch, jeweller; John P. Kyd, solicitor; George Lowdon, scientific instrument maker; Dr George Lawrence; Dr George T. Guild, ear specialist; James Russell, chemist and editor of the "Wizard of the North"; David M'Intyre, bleacher; Thomas Kinnear, sanitary inspector; Edward Cox, merchant; Robert Blackadder, architect and civil engineer; Walter Shepherd, merchant; Hugh Baxter, shipbroker; William Banks, retired grocer, who offered some time ago to defray the cost of putting a crown on the Old Steeple; W. T. Scroggie, cashier and musician; John Rattray, housefactor.

In concluding this notice we may specially mention the death of Mr Alexander Elliot, Lochee. This public-spirited citizen did good work in the Town Council and School Board; but it is as a litterateur and a historian that he will be remembered. His "Hood in Scotland" and "Lochee as it Was and as it Is" are standard works. In the photographic survey of the city he took a keen interest, and when his historical notes are published his diligence will be made known. The General Notices of outstanding local events prefixed to the Dundee Directory have been written by Mr Elliot during the past thirty-six years, and the series gives, in condensed form, the history of the city for the period. Of a modest, genial, kindly, sympathetic nature, Mr Elliot will be greatly missed.

All charges must be prepaid by postage stamps affixed to a form provided by the Post Office.

If the sender desires, or it is otherwise necessary, that a special conveyance be used, the fare or cost of such must be paid in addition to the mileage fee. The weight fee is not charged in such a case.

On the delivery of an Express packet, the messenger may take a reply, or perform a further delivery service. The fee must be prepaid either by the sender of the first service or by the sender of the reply or further service.

When several packets are tendered by one sender for delivery by the same messenger at different addresses, or to different persons at same address, the Express fee of 3d a mile will be charged for the full distance to be traversed by the messenger, and an additional fixed charge of 1d for each article above one.

- (2) *By special messenger after transmission by post.* In addition to the full ordinary postage the Express fee is :—For every mile or part of a mile from office of delivery, 3d (weight fee is not charged). Letters may be posted like ordinary letters, but they must be marked “Express Delivery,” and have a thick perpendicular line drawn on each side.

REGISTRATION AND COMPENSATION—INLAND.

Correspondence of any kind (including parcels) can be registered. The ordinary registration fee is 2d, in addition to the postage. Registered Letter Envelopes (for Inland and Foreign Letters) bearing a 3d stamp embossed on the flap for registration fee 2d and postage 1d, are sold as follows :—Size F ($5\frac{1}{4}$ ins. \times $3\frac{1}{4}$ ins.), $3\frac{1}{4}$ d each; G (6 ins. \times $3\frac{3}{4}$ ins.), $3\frac{1}{2}$ d for one envelope, or at the rate of 3s 4d for 12; H (8 ins. \times 5 ins.) and H2 (9 ins. \times 4 ins.), $3\frac{3}{4}$ d each; K ($11\frac{1}{2}$ ins. \times 6 ins.), 4d each.

Everything intended for registration must be handed to an officer of the Post Office, and a receipt obtained. Nothing intended for registration must be dropped into a letter-box. The packet must be made up in a strong cover, fastened with gum or other adhesive, but this does not apply to post-cards, halfpenny packets, nor newspapers. If it be desired to secure compensation for damage to a packet (other than a parcel), it must bear the words “Fragile, with care.”

Packets for registration must be marked in the bottom left-hand corner with the word "Registered," and, when the fee exceeds 2d, with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus, "Registered 3d," and so on. The sender of an Inland postal packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 2d in addition to the postage and registration fee.

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 4d, in addition to the ordinary postage. Letters containing uncrossed Postal Orders in which the name of the payee has not been inserted, uncrossed cheques or dividend warrants, bank notes, postage stamps, or any article (other than coin and jewellery) of a value exceeding 10s, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 2d. Money of any kind must be enclosed in a Registered Letter Envelope and transmitted by Registered Letter Post. The compensation in respect of coin will in no case exceed £5.

The Postmaster-General will (subject to certain rules) pay compensation for the loss or damage of Correspondence as follows:—

(2) *Unregistered Parcels.*—Limit of compensation, £2. No compensation is given in respect of money of any kind sent by Parcel Post, whether registered or not, or in respect of jewellery sent by Parcel Post unregistered. To secure compensation a certificate of posting should be obtained when a parcel is posted.

(3) *Express Correspondence.*—Compensation according to the ordinary scale is paid in respect of Correspondence of the kinds specified in Sections (1) and (2), when sent by Express Service; and up to £2 for Unregistered Packets (not money nor jewellery) conveyed by special messenger throughout their whole course.

CERTIFICATES OF POSTING OF UNREGISTERED CORRESPONDENCE
(EXCEPT PARCELS).

Any person who desires proof that an unregistered letter, letter card, post card, halfpenny packet, or newspaper has been duly posted should hand in the letter or other article at a Post Office and ask for a certificate of posting. The fee is $\frac{1}{2}$ d, payable by means of a stamp, which must be affixed by the sender to the form of certificate.

RE-DIRECTION.

Letters, halfpenny packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office.

Registered letters, &c., when re-directed, must be taken back to the Post Office to be dealt with as registered.

A Postmaster is not bound to re-direct letters for a person temporarily leaving home (unless the house be left uninhabited), nor to re-direct letters addressed to clubs, hotels, boarding-houses, or lodgings.

POSTE RESTANTE.

Correspondence of any kind to be called for is, as a rule, taken in at all Post Offices except Town Sub-Offices. The words "to be called for" or "Poste Restante" should appear in the address. The Poste Restante is for accommodation of strangers and travellers, but they may not use it for more than three months.

Parcels addressed to a Post Office to be called for, are kept three weeks, at the end of which period, if not called for, they are returned to the sender.

"BLIND LITERATURE" POST.

Literature impressed for the use of the blind may be sent by post at the following rates:—2 oz., $\frac{1}{2}$ d; 2 lbs., 1d; 5 lbs., $1\frac{1}{2}$ d; 6 lbs., $2\frac{1}{2}$ d. The packet must not contain anything written or printed in ordinary type, except title and contents, key to the type, and a label for return of the packet. It must bear on the outside the words "Literature for the Blind," and address of sender, and it must be posted either without a cover or in a cover open at both ends.

admitted, nor, as a rule, are printed papers which have been modified after printing, either by hand or by a mechanical process. But the following exceptions are allowed:—Printed circulars may be dated in manuscript or by a mechanical process, name and address of the sender and of the recipient, as well as his trade or profession, and his address may be added; on printed visiting cards and Christmas cards the address of the sender, or formulas of courtesy in not more than five words may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of journey, dates of departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings; date of despatch may be inserted in advices of goods; printers' proofs may be corrected and the manuscript enclosed, errors in other printed documents may be corrected, and figures may be inserted in prices current, stock and share lists, &c.; books, music, photos, engravings, and Christmas cards may contain the invoice relating to them; books may have a dedication inscribed on them; in orders for books printed on cards, the works required or offered may be indicated in manuscript; to cuttings from periodicals, the title and date of the publication may be added. Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted, provided that they are handed in at the counter of Post Office, that special attention is called to their nature, and that at least twenty copies are posted at the same time.

The rate of postage on Printed Papers for all places abroad is $\frac{1}{2}$ d per 2 oz., and on Commercial Papers $2\frac{3}{4}$ d for the first 10 oz. and $\frac{1}{2}$ d per 2 oz. thereafter. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

Commercial Papers and Printed Papers may be posted either without a cover, or in an unfastened envelope, or in a cover easily removable for examination without breaking any seal or adhering surfaces. The packet may, however, be tied at the ends with string easy to unfasten.

To secure the return of packets which cannot be delivered, the name and address of the sender should be written or printed outside.

The limit of size for British Colonies or Possessions or non-Union countries are 2 feet in length by 1 foot in width or depth; but to Foreign Countries in the Postal Union the length is limited to 18 inches. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches in diameter. The limits of weight are from 4 lbs. to 5 lbs. according to destination.

MAGAZINE POST FOR CANADA AND NEWFOUNDLAND.

British Newspapers, Magazines, and Trade Journals may be sent to Canada by direct Canadian packet, and to Newfoundland by direct packet or by Canada, at a rate of 1d per lb.; limit of weight, 5 lbs.; limit of size, 2 feet in length by 1 foot in width or depth. They must be posted without a cover or in a cover open at both ends and easily removable. Neither cover nor contents may bear any superscription except title and reference to registration, address of sender and addressee, index or reference numbers and letters, the words "with compliments," a reference to any place in the publication, and a request for return in case of non-delivery.

All registered inland Newspapers are admissible under this rate, but any other Newspaper, Magazine, or Trade Journal may be placed on the Register of publications transmissible by Canadian Magazine Post, provided (1) that it be printed and offered for sale in the United Kingdom; (2) that it be published at intervals of not more than thirty-one days; (3) that publication and

binding consist only of paper; (4) that not more than five-sixths of the contents consist of advertisements; (5) that title and date be printed on cover or at top of first page and on every detached sheet; (6) that a copy of the publication, with a fee of 5s, be sent every year to the Secretary of the Post Office.

FOREIGN AND COLONIAL SAMPLES.

There is a Sample Post to Foreign Countries and the Colonies generally; but it is restricted to *samples of merchandise or scientific specimens*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually trade samples or specimens, are not admissible.

Articles liable to Custom Duties may be sent by Sample Post to certain countries only and under special regulations.

The rate of postage on Sample Packets for all places abroad is 1d for the first 4 oz., and $\frac{1}{2}$ d per 2 oz. thereafter.

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A packet for a country in the Postal Union may contain Printed Papers, and if the rates for Commercial Papers be paid, it may also contain Commercial Papers.

The limit of weight for British Colonies or Possessions or for non-Union countries is 5 lbs., but for Foreign Countries in Postal Union the limit is 12 oz.

The limit of size for British Colonies or Possessions or for non-Union countries is 2 feet in length by 1 foot in width or depth; and for foreign places in the Postal Union 12 inches in length, 8 inches in width, or 4 inches in depth; unless it be in the form of a roll, in which case the limit of size is 12 inches in length and 6 inches in diameter.

REGISTRATION AND INSURANCE—FOREIGN.

The fee for registration of letters, post cards, commercial and printed papers, and samples, addressed to places abroad, is 2d. Articles to be registered must be enclosed in a strong envelope, and given to an agent of the Post Office. To some countries it is forbidden to send coin, jewellery, or precious articles. (For prices of Registered Letter Envelopes, see page 161.)

Letters and parcels may be insured (up to certain limits of value) to many foreign countries. Letters must be securely fastened and sealed with private seal, and presented at the counter of a Post Office. Parcels must be substantially packed, and sealed with wax or lead. Seals must be placed over each join or loose flap of the covering, and at the ends of the string. The seals must all have distinct impressions of the same device, such device not consisting merely of straight or curved lines. Parcels containing coin, watches, or jewellery must be enclosed in strong boxes substantially fastened in wrappers of canvas or strong paper, duly sealed. Letters or parcels for insurance must bear the words "Insured for———" according to amount. The sums payable for insurance, including registration, are as follows:—To secure compensation up to £12, a fee of 4d; £24, 6d; and so on at the rate of 2d for every additional £12, up to £400, 5s 10d.

For the insurance of parcels to the United States by the semi-official service, the sums payable are as follows:—For £12, a fee of 6d; £24, 1s; and so on at the rate of 6d for every £12, up to £120, 5s.

Articles of gold and silver, precious stones, and jewellery (but not current coin, letters, bank notes, or securities) may be sent in the letter mails to Austria, Belgium, Bulgaria, Denmark, Egypt, France, Germany, Holland, Italy, Luxemburg, Montenegro, Norway, Portugal, Roumania, Switzerland, and certain Ottoman Post Offices in Turkey-in-Europe, as an "insured box." The box, strongly made of metal or wood, and having top and bottom covered with white paper, must be tied crosswise with a single strong string, sealed with private wax seal on the four sides. Limit of weight, 2 lbs.; limits of size, 12 inches by 4 inches by 4 inches.

COMPENSATION FOR LOSS OR DAMAGE OF UNINSURED PARCELS.

The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various Foreign Countries (to amounts not exceeding 12s and 20s) when such loss or damage takes place while the parcels are under his custody; and in the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

SPOILT STAMPS.

Applications for allowance on spoilt, or unused, postage stamps, embossed envelopes, post cards, or newspaper wrappers, which have not passed through the post, should be made at the Stamp Office.

GOVERNMENT INSURANCES AND ANNUITIES.

Insurances may be effected for amounts not less than £5 and not more than £100 to persons between 14 and 65 years of age; and Annuities may be purchased for amounts not less than £1 and not more than £100 on one life. Children between 8 and 14 years of age can be insured for £5. Forms of proposals may be obtained at the Post Office.

POST OFFICE SAVINGS BANK.

Deposits of one shilling, or of any number of shillings, may be made by any person at the Post Office Savings Banks to the extent of £50 in one year ending 31st December, and £200 in all, including interest.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

INLAND REVENUE STAMPS, &c.

Inland Revenue Stamps of all kinds, Bill Stamps, Bankruptcy Stamps, Patent, Design, and Trade Mark Stamps and Forms, Dog, Gun, Motor, Game, and Private Brewers' Licenses, may be purchased at the Post Office. For list of Stamp Duties see page 66.

DATES OF DESPATCH AND ARRIVAL OF MAILS.

See Separate Table for Parcel Postage and Mails (page 174).

FOREIGN AND COLONIAL PARCEL POST.

GENERAL REGULATIONS.

Dimensions.—The dimensions allowed are :—

For Argentine Republic, Corsica, France, Italy, Samoa (*via* Hamburg)—2 feet in any direction. Parcels somewhat exceeding 2 feet in length are accepted if their other dimensions are inconsiderable.

For Abyssinia, Benadir, Brazil, Dahomey, Erithea, French Congo, French Guiana, French Guinea, French Oceania, French Somali Coast, French West Indies, Ivory Coast, Madagascar, Mauritania, Mauritius (*via* France), New Caledonia, Paraguay, Pitcairn Island, Portuguese Timor, Reunion, St Pierre and Miquelon, Senegal, Tripoli (Africa), Tunis, Turkey (Austrian Agencies)—greatest length, 2 ft. ; greatest length and girth combined, 4 ft. Parcels slightly exceeding 2 feet in length are admitted (if their other dimensions are small) to Algeria, China (Chinese P.O.'s), Crete, Cuba, French Indo-China, German South-west Africa, Greece, Japan (*via* Russia), Turkey (Ottoman Post, Asia).

For Canada—Greatest length, 2 ft. 6 in. ; length and girth combined, 6 ft. Parcels measuring as much as 3 ft. 6 in. in length, but not exceeding 6 ft. in length and girth combined, are admitted, provided that the contents are articles which cannot be divided.

For Mexico—Greatest length, 2 ft. ; greatest length and girth combined, 6 ft. For places named in the Table of Parcel Postage—other than those detailed above—same as for Inland Parcel Post.

The postage must in all cases *be paid in advance*, by means of postage stamps affixed by the sender. Each parcel must be plainly directed, and should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. The date of posting should also be added. A parcel must not be posted in a letter box, but, as in the case of the Inland Parcel Post, must be taken into a Post Office and presented at the counter.

Parcels will be liable to Customs duties and regulations, and the sender of each parcel will be required to make a Customs declaration furnishing—upon a special form provided for the purpose, which can be obtained at any Post Office—an accurate statement of the contents and value, the date of posting, and other particulars. Arrangements have been made with many Foreign Countries whereby senders may take upon themselves the payment of the Customs charges if they so desire.

On importation into Australia, Canada, New Zealand, Rhodesia, the Union of South Africa, and the Bechuanaland Protectorate, certain articles produced or manufactured in the United Kingdom are entitled, when accompanied by a suitable certificate or statement of origin, to preferential rates of Customs duty according to the tariff of the particular Colony.

Postal parcels not containing merchandise for sale and not exceeding £10 in value (£5 in the case of Canada), intended for importation into Australia, Southern Rhodesia, or Canada under the preferential tariffs, must be accompanied by a certificate of origin.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to many British possessions. Invoices in open envelopes, giving particulars of the goods contained in the parcel may, however, be enclosed.

Parcels containing coin, watches, jewellery, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed, and must, if for Foreign Countries, be so sealed that they cannot be opened without the seals being broken.

PACKING AND SEALING.

The rules as regards careful packing must be observed in the case of Foreign and Colonial parcels. More careful and substantial packing is necessary for such parcels than for Inland parcels, owing to the distance over which, as a rule, they are conveyed, the conditions of transit, and climate; and in the case of parcels for certain countries a special form of packing must be employed. Light and bulky parcels containing fragile articles should be packed in strong wooden cases. No compensation is paid for damage to articles insufficiently packed.

For parcels containing liquids and substances which easily liquefy two receptacles must be used. Between the inner receptacle, which contains the liquid, and the outer one, which should be of strong wood or metal, space must be left all round, and this space must be filled with bran, sawdust, or other absorbent material.

Celluloid, unmanufactured or in sheets, must be well packed in strong wooden boxes, and articles composed wholly or partly of celluloid must be in a packing not less strong than stout cardboard, the nature of the goods must be shown on the parcel and on the despatch note when one is used. Liquid celluloid cannot be sent by post.

A parcel for a Foreign Country should be so sealed by the sender that it cannot be opened without breaking the seals or leaving an obvious trace of violation. The seals should bear the impression of a private device of the sender.

CASH ON DELIVERY SERVICE.

This arrangement for collecting from the recipient, for remittance to the sender, by Money Order or Postal Order, the value of articles sent by post, is in operation between Britain and the following countries:—Bahamas (Nassau only), Barbados, Bermuda, British Honduras, Cayman Islands, Cyprus, Egypt, Fiji, Gambia, Gibraltar, Grenada, Hong Kong, Jamaica, Leeward Islands, Malta, Morocco, Nigeria, Nyasaland, Rhodesia (Southern), St Lucia, St Vincent, Seychelles, Somaliland (British), Straits Settlements, Trinidad, Turkey (Beyrout, Constantinople, Salonica, Smyrna). The amount to be collected, or "Trade Charge," may not exceed £20. Articles may be sent as parcels, insured letters, or registered packets. The sender must (a) write, on cover of packet, his name and address, the amount in British currency of Trade Charge in figures and words, and name of office on which payment is to be drawn (no erasure or alteration allowed); (b) fill up a "Request Form"; (c) prepay a special fee by affixing 2d in stamps to Request Form. The ordinary postage and other charges must be prepaid in ordinary way.

The packet must be handed in at a Post Office, where the sender must obtain a certificate of posting, which is to be given up when the Money Order or Postal Order is presented for payment. The amount of the Trade Charge will be remitted directly to the sender, after deduction of fee due to office of delivery, and commission on Money Order or Postal Order. The rates charged as fee and commission for the various countries may be ascertained at the Post Office.

FOREIGN AND COLONIAL POST CARDS.

Single and Reply Official Post Cards are transmissible to all parts of the world—Single Cards, 1d each; Reply Cards, 2d each. (Official Inland Post Cards are transmissible abroad if the additional postage is supplied by postage stamps being affixed.) Cards used as Post Cards must be of similar substance to the official cards; not exceeding $5\frac{1}{2}$ by $3\frac{1}{2}$ inches, and not less than 4 by $2\frac{3}{4}$ inches. Reply-paid cards of private manufacture must display the title

“Post Card” on the address side, but this is not obligatory for single cards of private manufacture. Reply halves of reply-paid cards must bear the words “Post Card—Great Britain and Ireland” and “Reply.”

The left-hand half of the address side of a Post Card, as well as the back, may be used for a written communication subject to the following restrictions:—Nothing may be attached except stamps in payment of postage, a gummed label not to exceed 2 by $\frac{3}{4}$ inches bearing address of recipient, a similar label with address of sender, and illustrations and photos on very thin paper completely adherent to the card.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are charged for.

Forms with embossed stamps can be obtained either singly or in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portorage on messages for places beyond the limits of the free delivery will be at the rate of 3d a mile or part of a mile, the charge being reckoned from the limit of the free delivery.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a half-penny for each word in the address of the copy.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed “Telegram, Immediate” in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as “mother-in-law,” “forty-seven.” Certain exceptional names, such as O’Neil, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix “St,” as St Pancras; but double names of persons, like Smith-Payne, are counted as two words.

Abbreviations of words, “can’t,” “won’t,” “don’t,” are counted as single words.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus “1st” counts as one word, “1432nd” as two words. When figures are preceded or followed by a letter (except in the case of ordinal numbers), the letter is counted as a word, but letters added to figures to denote the number of a house are counted as figures. Initial letters are each counted as one word, with the exception of the initials of the London Postal Districts, which are counted as one word for each group. Names of towns and villages in the United Kingdom are counted as one word each, irrespective of the number of words of which they are composed. When necessary to add name of town or county to the name of a place to distinguish from another of the same name, the name of town or county is not charged. When words are underlined, or in parenthesis or inverted commas, one extra word is charged. One word each is charged for signs of punctuation.

Anyone may register an abbreviated address on payment of a guinea a year.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months.

Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one-half the ordinary tariff. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated.

FOREIGN TELEGRAMS.

Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into: (1) preconcerted language or code, (2) cypher.

Code language is composed of real words not forming comprehensible phrases, or of pronounceable groups of letters having the appearance of real words. Words of more than ten letters are not allowed. In Code telegrams English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed, whilst artificial words must be pronounceable according to the usage of these languages.

Cypher is composed of Arabic figures having a secret meaning, or letters having a secret meaning, and words or combinations of letters not fulfilling the conditions applicable to plain language or code. Letter and figure cypher cannot be combined.

The address of the sender is charged for, if transmitted; in any case it must be written at the foot of the form.

In telegrams written in plain language the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words.

Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office of destination in the address is charged for as one word whatever its length; and when the name of the country, state, province, or district has to be added the whole expression is charged for as one word.

Every separate letter or figure is charged for as one word. Groups of letters in cypher and groups of figures are counted at the rate of five to a word. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

If the sender desires to prepay a reply he must insert before the address of the receiver "R P—", which is charged for as one word. A less sum than 10d cannot be accepted in prepayment of a reply.

Books containing 25 forms, each bearing 10d stamp, interleaved, can be obtained, price 21s each.

RADIOTELEGRAMS.

Radiotelegrams are accepted at any Telegraph Office for transmission from various Coast Stations (both in the United Kingdom and abroad) to certain ships equipped with wireless telegraph apparatus. Radiotelegrams from ships are also received at such stations, and are thence transmitted to their destination by wire. The usual charge for a radiotelegram sent through a British Coast Station to an ocean liner is 10½d a word. Lower rates of charge apply to vessels making short voyages. Particulars may be obtained at Post Office.

NIGHT TELEGRAPH LETTER SERVICE.

Night Telegraph Letters may be sent between any two towns in which the Head Telegraph Offices are open always for delivery by the first post the next morning—including Sundays if there is a Sunday delivery. The rate is 6d for 36 words or less, and $\frac{1}{2}$ d for every 3 words beyond 36.

Night Telegraph Letters must be in plain language. They should be written on telegram forms and the charges prepaid in postage stamps. They may be handed in at or telephoned to the Head Office of the town before midnight, or posted in time to reach it by midnight, prepaid at the above rate, in an envelope marked simply "Telegraph Letter." They may not bear multiple addresses; and registered telegraphic addresses will not be accepted.

THE USE OF TELEPHONES FOR SENDING TELEGRAMS AND EXPRESS LETTERS.—Any subscriber to a Telephone Exchange may telephone messages to many Post Offices, so that these messages may be dealt with as Telegrams or Express Letters or Ordinary Letters.

An Express Letter telephoned to a Post Office is delivered for the usual Express Delivery fee if it does not contain more than 30 words, including the address. If it exceeds that number, each additional 30 words, or part thereof, is charged for as a separate Express Letter. Any person receiving an Express Letter in this way may send another Express Letter back to the Post Office to be telephoned to the sender of the original message.

Subscribers to exchanges may have all telegrams addressed to them delivered by telephone instead of by messenger (if the subscriber has a registered telegraphic address).

Telegrams may also be addressed to the telephonic addresses of Exchange subscribers for delivery by telephone. The address must comprise the subscriber's name, thus—"Jones, Midland 245, Birmingham," or "Jones, Hull 245."

Any subscriber to a Telephone Exchange may obtain the services of an express messenger by telephoning to the nearest Post Office.

PIANOS

Are the First Choice of those who know, and the

full, resonant, and rich in the bass.

You may not be able to Read Music—but you CAN Play it.

Not so very long ago there was but one way to master the Piano, and a very laborious way it was. Scales and exercises, exercises and scales, year in and year out—that was the only way that one could obtain musical proficiency.

The PIANOLA-PIANO has changed all that. With the PIANOLA-PIANO you start to-day where the scales and exercises ended—as a Proficient Pianist.

THE PIANOLA=PIANO

Reads the Music—You interpret it.

The Music Roll takes the place of the Sheet Music, the delicate Mechanism of the PIANOLA-PIANO is the brain that reads the notes and the fingers that play them. The rest is left to you, and by the wonderfully susceptible devices of the PIANOLA-PIANO you are enabled to interpret the music in your own way.

The PIANOLA-PIANO is a combination of the Pianola with the famous **Steinway, Weber, or Steck Pianos**. Call and learn how easy it is to play and to buy a **GENUINE PIANOLA-PIANO**.

CRIGHTON'S PATENT WRINGER PLATE.

The plate herewith has been designed to meet a much-felt want in the Wash-house, as the methods hitherto adopted for fixing the Wringer to the earthenware tubs have been invariably unsuccessful, and have caused much inconvenience to the users.

The Plate is made in one piece and is of Cast-Iron—Galvanised to prevent Corrosion—and although fixed between the tubs there is no risk of cleavage, as the double flange bearing upon the tubs counteracts this tendency. The ends of Plate are chequered on both sides to give wringer screws a secure hold, and any ordinary size of wringer can be fixed to same.
